The FULFILLMENT and DROPSHIPING TCE service refers to the entire range of logistics services made available to an online store to suppress the costs of storage, management and delivery of shipments.

The transport rates offered are according to the table, related to the warehouse in which you choose to keep your products. The online application TCE -TCE WEB ORDER and TCE -WMS allows permanent online access to your orders and stock of products.

Contact a TCE operator for more details.

The **POSTAL SERVICE** ensures door-to-door delivery globally through international postal networks. The final delivery is made to the client by the national postal service. The postal service ensures the collection of the TCE deposit and delivery to the client, track and trace and electronic verification of the delivery. Track and trace can be done on the company's website or through 17track.com.
